Ward

Ward 17 - Capital

Q4

To reach our collective potential, we must work together to build up Ottawa. That requires a council in which each member commits to city wide leadership. What is your intended approach to collaboration with council, city staff and economic partners?

I approach every vote at Council with a city wide and ward specific lens. Too often we were seeing pre-determined votes that were not independent. It is important to foster debate and respectful discussion at the committee and council table.

Q5

What key characteristics and skills do you possess that make you a great leader and ambassador for the city of Ottawa, and the national capital region?

- Owned a small business based out of Ottawa, worked as a public servant in the federal government, for a not-for-profit and was elected as a school board trustee and city councillor.
 - Specialize in risk management and the mitigation of high risks while taking on calculated risks that can be managed effectively.
 - Significant budget and management experience having managed multi-million dollar operations with 100 staff.
-

Q6

What are your top three priorities for Ottawa's future?

-Affordable Housing Creation

-Climate Change Action including savings that can be achieved from building retrofits and low cost transformation of streetscapes

-Continue delivering for my ward by ensuring new parks and facilities investments, including the extension of pool times, bathroom availability, tree canopy preservation and 3 stream recycling

Q7
